It's Possible

Meetings Africa was a great success for us. The international buyers were of a great quality and so were the networking opportunities. Greatest of all was the excitement of the international buyers! The South African hospitality and professionalism definitely won many a heart.

T20 Ministerials

This summit brought together the ministers of the G20 countries. Along with the provision of simultaneous interpretation and conferencing equipment, CRSA was also able to show off our 'new look' booths. As shown on the right, they are sleek, black, impressive and blend in well with any conference decor.
