Dear Mr. Polonia,

On behalf of the Africa Center, I would like to thank you and your team for your contribution to the success of our recently concluded *ECOWAS Strategic-Level Seminar*. I want to commend Mr. Luis Cunha and Mr. Domingos Macanha for a job well done coordinating our interpretation equipment needs.

We are particularly grateful for your professionalism and hard work in the planning stages of this event. You provided critical support to our team, which was evident in the execution phase of our program. We are additionally very grateful for the manner with which your team worked through technical difficulties during the seminar. Most importantly, please convey to your team our gratitude for their hard work and let them know how much the Africa Center enjoys working with them.

Again, thank you for your commitment and support. We look forward to the possibility of working with you again on future Africa Center events.

Sincerely,

Major General Arnold Fields, USMC (ret.)
Deputy Director
